KICK GRAFFITI REMOVER TECHNICAL DATA SHEET

GENERAL INFORMATION

KICK-Gel is specifically formulated to quickly, and effectively, remove the toughest graffiti from a variety of protected and unprotected surfaces.

It is safe, has a low odor, biodegradeable, and easy to use. It is intended to be used in areas where vandals have caused a visual pollution to the community and businesses. VOC Compliant.

This formula will cling for longer contact time, attack, and remove the most stubborn sprayed on or brushed on paints without harming the underlying surface. No waiting, no mess. Just apply this solution and eliminate sandblasting or repainting. Get professional results.

Use on masonry, metal and other porous and non-porous surfaces.

WHERE TO USE

- ** Non painted surfaces
- ** Masonry, brick, stucco, Concrete, tiles
- ** Metal surfaces
- ** Building exteriors
- ** School lockers; telephone equipment
- ** Anywhere that vandals have left their mark

APPLICATIONS

For use on non-painted surfaces such as walls, marble, brick, block, stucco, concrete, cemetery markers, brass, restroom partitions, building exteriors, utility poles, telephone equipment, school lockers, street and traffic signs - anywhere that vandals have left their mark.

WARNING

KEEP OUT OF THE REACH OF CHILDREN
DO NOT TAKE INTERNALLY
AVOID CONTACT WITH EYES

DIRECTIONS FOR USE

Apply to areas that have been vandalized with sponge, spray, brush or roller.

Allow to work for several minutes. Use a bristle brush on textured surfaces to most effectively lift the graffiti from the surface. Use a soft brush on smooth surfaces. Repeat on stubborn areas.

Use a pressure washer & Rinse thoroughly with water. Wipe Dry or allow to air dry.

Apply *Graffiti-Pruf*, or *Prmakote*, graffiti barriers that will protect the surface from future permanent marring.

CAUTION

Use with adequate ventilation. Do not swallow.. Avoid contact with eyes. Avoid prolonged or repeated contact with skin. Wash thoroughly after handling.

FIRST AID

INHALATION: Remove to fresh air. Consult physician immediately if breathing is difficult and give artificial respiration.

EYE CONTACT: Flush with water for 15 minutes and get medical care. Remove contact lenses if worn.

SKIN CONTACT: Wash skin with soap and water. Remove contaminated clothing.

INGESTION: Drink large amounts of water. **DO NOT INDUCE VOMITING.** If vomiting occurs, give lots of water again. Keep head below hips to prevent aspiration of liquid into lungs. Get medical attention immediately.

FIRE * SPILL * LEAK

SPILL/LEAK: Recover and reclaim large quantities. Collect small quantities with suitable absorbent and place in sealed container for disposal.
